

Son of Dracula

Brief Synopsis

Daemon Dalca is a happy, carefree young man who lives with his beloved parents in Bucharest, Rumania in the late 1800s. But tragedy strikes when his father dies unexpectedly. It is then that his mother tells him that he was adopted—his father had always wanted him to know the truth.

Daemon is hurt and confused only to become more hurt and confused when he is warned by his dying mother to stay away from his biological father. But Daemon is determined to learn who this man is and why he is a danger. He comes to understand when his grandfather reveals that his father is none other than Count Dracula and that the count is a vampire!

Daemon fortunately does not take after his father but it is his father's desire to have his son with him for eternity. During his quest to destroy his father, Count Dracula, others close to Daemon become victims of the vampire. But in the end Daemon in an unexpected way is able to defeat Dracula and destroy his evil... at least in the short term.
